

INVESTMENT OBJECTIVE

To achieve long term growth in capital and income by developing a focussed portfolio of high quality listed companies from around the world.

FUND MANAGER'S COMMENT

Whilst March was an uneventful month in the capital markets, we were quite active in deploying new cash inflows. This offered good opportunity to rebalance the portfolio, investing more in the relatively cheaper businesses we own on your behalf. Almost all of the new inflows were invested. No new businesses were added and none were sold.

Walt Disney's new film 'Frozen' has already grossed over \$1.1bn, an all-time record for animated feature films. Anheuser-Busch Inbev completed its acquisition of Oriental Brewery Co Ltd, with the transaction announced less than three months ago. Investor sentiment on AIA remains subdued, despite its excellent operational performance. This is ascribed purely to the fact that it is a regional Emerging Market business. International Flavors & Fragrances has now made it into the list of top 10 positions and is one of the top contributors to performance for the first quarter.
