LONDON OFFICE ACCESSIBILITY

Our London office is conveniently located in the St James's area of London.

It is well connected to public transport, including Green Park Underground station, which has step free access and only 0.4 miles away.

Transport for London's website has a full section dedicated to accessibility which includes a range of guides to help you plan and make journeys. You may find the below links useful:

[Transport accessibility - Transport for London \(tfl.gov.uk\)](#) [Plan an accessible journey - Transport for London \(tfl.gov.uk\)](#)

[Download accessibility guides and maps - Transport for London \(tfl.gov.uk\)](#)

There is a designated taxi bay directly outside the front entrance. Parking is available at The Cavendish London and on street around St James's Square.

For visitors and staff the main entry to the building is via the front; options are a revolving door and a wide standard opening door. Our friendly security team are happy to assist with opening these doors for you on your arrival and exit.

For staff an additional entrance is available from the rear of the building (Babmae Street), options are a revolving door and also a ramp from reception level to street and lift access to floors.

The client suite is situated on the ground floor, which includes a wheelchair accessible toilet and a loop induction system.

All other floors are accessible to staff via lift or stairs, and accessible toilets are available on all floors.

We welcome guide dogs, hearing and assistance dogs to accompany you on your visit.

If you require any of our materials to be written in large format, please contact your host or line manager who will be happy to arrange this.

For any queries regarding accessibility, please do not hesitate to contact the facilities team.
